## PROFESSIONAL EXPERIENCE

### Montfort Group

|                         |                     |
|-------------------------|---------------------|
| <b>Group Head of IT</b> | Feb 2024 - Present  |
| <b>IT Manager</b>       | Apr 2022 - Feb 2024 |

- Lead IT services and infrastructure across international offices, covering technology planning, cybersecurity, and digital transformation.
- Develop IT roadmaps and cloud infrastructure; oversee identity and access management, operational standards, and vendor relationships.
- Support governance, risk management, and audit readiness through documented policies and security controls.

### Enviromena

|                    |                     |
|--------------------|---------------------|
| <b>IT Manager</b>  | Nov 2017 - Apr 2022 |
| <b>IT Engineer</b> | Sep 2016 - Nov 2017 |

- Led enterprise systems and cloud infrastructure initiatives, including Microsoft Business Central, Microsoft 365, Azure, and SharePoint.
- Managed identity and access, endpoint management, vendor selection, and technology operations.
- Progressed from infrastructure and systems support to IT management in the renewable energy sector.
